EMAIL: v24support@olympic.co.uk
and v3support@olympic.co.uk

Welcome to our December Newsletter

1. Moving !

At long last we are moving – but this will inevitably cause some short-term disruption

The major impact will be on our telephone numbers. We will be losing the landline number and only have the mobile numbers available (although email and web site etc. will be unchanged) for the first few weeks at least, until the move has been completed.

The two numbers we have at the moment are:

mobile (1)	07785 530513
mobile (2)	07779 317979

We did previously advise of the email addresses to use are:

v24support@olympic.co.uk	- for current product support and general
olympicinfo@olympic.co.uk	- general email
graham3@olympic.co.uk	

The move is scheduled for this week so expect disruption for the next few days up to Friday the 11th.

We do expect that everything will be settled by next Monday (14th.) but will advise you of any problems.

We will also advise of our new address then.

Olympic Computers Limited, December 2009
